INTRODUCTION

On behalf of the project management team,I take this opportunity, to present to you the events catalogue and welcome you all to the21st EAC MSMEs Trade Fair. It is indeed a pleasure to welcome you back to the annual expo after a 1-year Hiatus caused by the COVID19 pandemic that posed a challenge to theregional MSMEs across all sectors. This year's Trade Fair takes place in the United Republic of Tanzania, between 2nd and 10th December 2021 at the Rock City Grounds in Mwanza.

The MSMEs/ Informal sector plays a pivotal role in the EAC region as the single largest employment creator per year in the region and therefore a source of wealth and employment creation. Artisans of all trades ranging from but not limited to wood carvings, furniture, pottery, food production, clothing & textiles, leather, jewelry, personal care products and metal fabricators converge to showcase the various products and services produced by the sector at this annual expo. This exhibition is of significant importance in the integration and economic transformation of the East African region.

We greatly appreciate the gains made so far by the previous EAC MSMEs Trade Fairs (formerly EAC Jua Kali/Nguvu Kazi exhibitions) in terms of technology transfers, innovation and the creation of a regional market for our various small businesses in the region. This 21st EAC MSMEs Trade Fair Catalogue has all the information one may require to know about the exhibition including official statements bearing key messages from various stakeholders including a brief about the City of Mwanza.

I pay special tribute to the EAC Secretariat, the EAC Partner States, the leadership of the CMSEO-EA, the Local Administration of Mwanza and the exhibitors who have worked together to make this event a reality.

Find attached the program for the week-long exhibition among other useful information for your guidance.

Enjoy reading the rest of the catalogue! Once again, karibuni nyote!

Kind regards,

Richard Muteti HSC

MESSAGE FROM THE SECRETARY GENERAL OF THE EAST AFRICAN COMMUNITY

It gives me great pleasure to extend my invitation and that of the East African Community to all micro and small entrepreneurs in the region to the 21st EAC MSMEs Trade Fair formerly known as EAC Jua Kali/Nguvu Kazi Exhibitions, being held for the sixth time in the United Republic of Tanzania.

It is important to note that this initiative was inaugurated in Arusha by the Heads of State of the EAC in 1999. Since then, the EAC Secretariat has worked very closely with the Confederation of Micro and Small Enterprises Organization of East Africa (formally EA-CISO) and the EAC Partner States to stage the exhibitions across the region on a rotational basis, with different themes each year.

The 21st trade fair comes at a time when our region and indeed the entire world is battling with COVID-19, a severe pandemic that has greatly affected the business community and especially the small businesses. I also note with admiration the resilience shown by our small business and the innovations that have arisen from the sector to mitigate the effects of the pandemic.

The support to this initiative by the East African Community Partner States shows that empowerment and promotion of the regional micro and small enterprises Jua Kali/Nguvu Kazi trade fair is being given top priority since the sector is the single largest employer in the region and plays a major role in the region's integration and development effort. We appreciate the role that the Nguvu Kazi entrepreneurs are playing to the regional integration process as evidenced by their great involvement in the cross-border trade and their regular attendance, in large numbers, to the annual EAC trade fairs.

It's encouraging to note that this trade fair aims to achieve the following:
I. tendance of more than 1000 EAC MSMEs exhibitors,
II. Enable artisans to expand their business opportunities,
III. Facilitate information and ideas exchange
IV. Provide networking opportunities and
V. Foster capacity building on cross border trade

This will enable the exhibitors to access an even wider range of market, while exchanging ideas and technologies to bolster their business during and well after this COVID period all the while

The Jua Kali/Nguvu Kazi Exhibitions have become both a showcase and a measure of the progress being made in the sector. To this extent, the exhibitions have attracted a constantly growing number of exhibitors and visitors each year.

I thank the Heads of State of EAC for directing that these exhibitions be held annually on a rotational basis in the Partner States and the Partner States for their support to this noble cause and the EAC Steering Committee on the MSMEs Trade Fair for making this year's trade fair a reality.

I appeal to all development partners and corporate bodies to join this worthy cause to promote the MSMEs (Jua Kali/Nguvu Kazi sector) and wish to extend this invitation to showgoers from the whole of East Africa to attend the exhibition, sample, appreciate and purchase products made in East Africa, by East Africans.

I extend much appreciation to the United Republic of Tanzania and particularly the leadership of the city of Mwanza for accepting to host this year's exhibition and for undertaking all the necessary preparations and precautions to ensure the success of this great event.

Thank you!

Hon. Dr. Peter Mathuki

Secretary General, EAC

MINISTER OF STATE IN THE PRIME MINISTERS OFFICE (POLICY, PARLIAMENTARY AFFAIRS, LABOURS, YOUTH,EMPLOYMENT AND PERSONS WITH DISABILITY)

Statement by Hon. Jenista J. Mhagama (MP.), The Minister of State, Prime Ministers Office, Policy, Parliamentary Affairs, Labour, Youth, Employment and Persons with Disability.

Tanzania is delighted to host the 21st East African Community Small and Medium Sector. Entrepreneurs Exhibition popularly known as Nguvu kazi/ Jua Kali taking place in Mwanza from 2nd to 12th December, 2021. This is the sixth exhibition held in Tanzania and the first time in Mwanza City since 1999.

Our Governments have committed to the 2030 Global Sustainable Development agenda and the Sustainable Development Goals (SDGs). Goal 8 of the 17 SDGs refers to the need for governments and other key parties to promote 'inclusive and sustainable economic growth, employment and decent work for all'. So all of us; as EAC Community, We aim to achieve the Decent Work Agenda which is not just about having a job; It is about the quality of employment that provides an adequate income to keep workers and their families out of poverty.

As part of the efforts in the transition from informal to formal economic activities within the East African Community, the exhibition involves provision of necessary skills to Entrepreneurs through Symposiums on Marketing; Product quality; Business formalization; and Value Addition. Entrepreneurs will also have the opportunity to access social security services and education. Therefore, this exhibition an important step towards formalization processes of the activities of small and medium entrepreneurs and hence achieves the Decent Work Agenda in our region.

This is a rare opportunity for all entrepreneurs to come out in large numbers to visit this exhibition where the original products from Burundi, Kenya, Rwanda, South Sudan, Tanzania and Uganda will be on display. I welcome all citizens to come and see the great creativity in the region in terms of products and designs.

I am pleased to inform you that the Sixth Phase Government led by Her Excellency President Samia Suluhu Hassan is committed to making the exhibition a success and has already taken important steps to ensure that health issues are taken into account throughout the exhibition especially precautions against COVID -19 infections.

We, the Government of the United Republic of Tanzania, Would like to convey our appreciation to all participants of the exhibition for being part of this very important event.

Finally, I would like to invite all citizens to participate in this exhibition in future.
