E. Evaluation of Bids

26. Confidentiality

26.1 EAC shall not disclose to a bidder or to any other person who is not involved in the preparation of the solicitation documents, the evaluation process or the award decision, any information relating to-

(a) solicitation documents, before the solicitation documents are officially issued;

(b) the examination, clarification, evaluation and comparison of bids before the best evaluated bidder notice is displayed.

26.2 Any effort by a Bidder to influence EAC in the examination, evaluation, comparison, and post-qualification of the bids or contract award decisions may result in the rejection of its bid.

26.3 Notwithstanding ITB Sub-Clause 26.2, from the time of bid opening to the time of Contract award, if any Bidder wishes to contact EAC on any matter related to the bidding process, it should do so in writing.

27. Clarification of Bids

27.1 To assist in the examination, evaluation, comparison and post-qualification of the bids, EAC may, at its discretion, ask any Bidder for a clarification of its bid. Any clarification submitted by a Bidder that is not in response to a request by EAC shall not be considered. EAC’s request for clarification and the response shall be in writing. The request for clarification shall be copied to all bidders for information purposes. No change in the price or substance of the bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by EAC in the evaluation of the financial bids, in accordance with ITB Clause 29.4.
28. Compliance and Responsiveness of Bids

28.1 EAC’s determination of a bid’s compliance and responsiveness is to be based on the contents of the bid itself.

28.2 A substantially compliant and responsive bid is one that conforms to all the terms, conditions, and requirements of the Bidding Document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

(a) affects in a substantial way, the scope or quality of the supplies or services or the performance of the works to be procured;
(b) is inconsistent with the bidding document and which may in a substantial way, limit the rights of EAC or the obligations of the bidder under the contract;
(c) if corrected would unfairly affect the competitive position of the other bidders whose bids are administratively compliant and responsive; or
(d) impacts the key factors of a procurement including cost, risk, time and quality and causes -
   (i) unacceptable time schedules, where it is stated in the bidding document that time is of the essence;
   (ii) unacceptable alternative technical details, such as design, materials, workmanship, specifications, standards or methodologies; or
   (iii) unacceptable counter-bids with respect to key contract terms and conditions, such as payment terms, price adjustment, liquidated damages, sub-contracting or warranty.

28.3 If a bid is not substantially compliant and responsive to the Bidding Document, it shall be rejected by EAC and may not subsequently be made compliant and responsive by the Bidder by correction of the material deviation, reservation, or omission.

29. Nonconformities, Errors, and Omissions

29.1 Provided that a bid is substantially compliant and responsive, EAC may waive any non-conformity or omission in the bid that does not constitute a material deviation.

29.2 Provided that a bid is substantially compliant and responsive, EAC may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the bid. Failure of the Bidder to comply with the request may result in the rejection of its bid.

29.3 Provided that a bid is substantially compliant and responsive, EAC shall rectify nonmaterial nonconformities or omissions. To this effect, the bid price shall be adjusted, for comparison purposes only, to reflect the price of the missing or non-conforming item or component.

29.4 Provided that the bid is substantially compliant and responsive, EAC shall correct arithmetic errors on the following basis:

(a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of EAC there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
(b) if there is an error in a total corresponding to the addition or subtraction of
subtotals, the subtotals shall prevail and the total shall be corrected; and
(c) if there is a discrepancy between words and figures, the amount in words shall
prevail, unless the amount expressed in words is related to an arithmetic error, in
which case the amount in figures shall prevail subject to (a) and (b) above.

29.5 If the Bidder that submitted the best evaluated bid does not accept the correction of
errors, its bid shall be rejected and its Bid Security may be forfeited or Bid Securing
Declaration executed.

30. Preliminary Examination of Bids – Eligibility and Administrative Compliance

30.1 EAC shall examine the legal documentation and other information submitted by Bidders
to verify the eligibility of Bidders in accordance with ITB Clause 4.

30.2 If after the examination of eligibility, EAC determines that the Bidder is not eligible, it
shall reject the bid.

30. EAC shall examine the bids to confirm that all documents and technical documentation
requested in ITB Clause 12 have been provided, and to determine the completeness of
each document submitted.

30.4 EAC shall confirm that the following documents and information have been provided in
the bid. If any of these documents or information is missing, the offer shall be rejected.

(a) the Bid Submission Sheet, including:
   (i) a brief description of the Services offered;
   (ii) the price of the bid; and
   (iii) the validity date of the bid;
(b) the Price Schedule;
(c) written confirmation of authorisation to commit the Bidder;
(d) a Bid Security or Bid Securing Declaration, if applicable; and
(e) samples as may be required

31. Detailed Commercial and Technical Evaluation

31.1 EAC shall examine the bid to confirm that all terms, conditions and requirements of the
bidding document have been accepted by the Bidder without any material deviation or
reservation.

31.2 If, after the examination of the terms, conditions and requirements, EAC determines that
the bid is not substantially responsive in accordance with ITB Clause 28, it shall reject
the bid.

32. Conversion to Single Currency

32.1 For evaluation and comparison purposes, EAC shall convert all bid prices expressed in
amounts in various currencies into a single currency, using the selling exchange rate
established by the source and on the date specified in the BDS.

33. Margin of Preference

33.1 Unless otherwise specified in the BDS, a margin of preference shall apply. Where a
Margin of Preference applies, its application and detail shall be specified in Section 3,
Evaluation Methodology and Criteria.
33.2 For the purpose of granting a margin of domestic preference, bids will be classified in one of three groups, as follows:

(a) Group A: bids from providers incorporated or registered in EAC where more than fifty percent of the bidder’s capital is owned by EAC nationals;

(b) Group B: bids from joint ventures or associations registered in EAC and including a provider qualifying under the conditions in paragraph (a) which holds more than fifty percent beneficiary interest in the joint venture or association; and

(c) Group C: all other bids which do not qualify for preference under paragraphs (a) or (b).

33.3 Bidders claiming eligibility for a Margin of Preference must complete the declarations in the bid submission sheet and provide documentary evidence of their eligibility in accordance with paragraphs 33.2 (a) or (b) above.

34. Financial Comparison of Bids

34.1 EAC shall financially evaluate each bid that has been determined, up to this stage of the evaluation, to be substantially compliant and responsive.

34.2 To financially evaluate a bid, EAC shall only use the criteria and methodologies defined in this Clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.

34.3 To financially compare bids, EAC shall:

(a) determine the bid price, taking into account the costs listed in Section 3, Evaluation Methodology and Criteria;

(b) correct any arithmetic errors in accordance with ITB Sub-Clause 29.4;

(c) apply any unconditional discounts offered in accordance with ITB Sub-Clause 13.1(d);

(d) make adjustments for any nonmaterial nonconformities and omissions in accordance with ITB Sub-Clause 29.3;

(e) convert all bids to a single currency in accordance with ITB Clause 32;

(f) apply any margin of preference in accordance with ITB Clause 33; and

(g) determine the total evaluated price of each bid.

35. Determination of Best Evaluated Bid(s)

35.1 EAC shall compare all substantially compliant and responsive bids to determine the best evaluated bid or bids, in accordance with Section 3, Evaluation Methodology and Criteria.

36. Post-qualification of the Bidder

36.1 EAC shall determine to its satisfaction whether the Bidder that is selected as having submitted the best evaluated bid is qualified to perform the Contract satisfactorily.

36.2 The determination shall be based upon an examination of the documentary evidence of the Bidder’s qualifications submitted by the Bidder, pursuant to ITB Clause 5, to clarifications in accordance with ITB Clause 27 and the qualification criteria indicated in Section 3, Evaluation Methodology and Criteria. Factors not included in Section 3 shall
Part 1: Section 1 Instructions To Bidders

not be used in the evaluation of the Bidder’s qualifications.

36.3 An affirmative determination shall be a prerequisite for award of the Contract to the Bidder. A negative determination shall result in disqualification of the bid, in which event EAC shall proceed to the next best evaluated bid to make a similar determination of that Bidder’s capabilities to perform satisfactorily.

36.4 If pre-qualification has been conducted, no post-qualification will be conducted but pre-qualification information shall be verified.

F. Award of Contract

37. Award Procedure

37.1 EAC shall issue a Notice of Best Evaluated Bidder within five (5) days after the decision of the Procurement Committee to award a contract, place such a Notice on its website for a prescribed period.

37.2 No contract shall be signed for a period of at least ten (10) working days after the date of display of the Best Evaluated Bidder.

37.3 EAC shall award the Contract to the Bidder whose offer has been determined to be the best evaluated bid, provided that the Bidder is determined to be qualified to perform the Contract satisfactorily and subject to satisfactory negotiations.

37.4 Negotiations will only be held in exceptional circumstances as provided for under the EAC Procurement Rules and Procedures 2016.

38. EAC’s Right to Accept or Reject Any or All Bids

38.1 EAC reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to contract signature and issue by the EAC, without thereby incurring any liability to Bidders.

39. Signing and Effectiveness of Contract

39.1 On expiry of the ten (10) working day period after the display of the Best Evaluated Bidder, and upon approval of the Office of CTC where applicable, the EAC shall sign a contract with the successful Bidder.

39.2 Failure by the successful Bidder to sign the contract shall constitute sufficient ground for annulment of the contract award.

39.3 Effectiveness of the contract shall be subject to submission of a satisfactory Performance Security where applicable and any other conditions specified in the Contract.

40. Debriefing

40.1 Where a bidder information on the reasons for the success of failure of their bid, EAC shall promptly give the Bidder a written debrief after the signing of the contract.

41. Performance Security

41.1 Within twenty-one (21) days of signing of the contract, the successful Bidder shall where applicable, furnish to EAC a Performance Security in the amount stipulated in the SCC and in the form of on demand Bank Guarantee as stipulated in Section 9, denominated in the type and proportions of currencies of the Contract. The performance security shall be issued by a Bank located in Tanzania or a foreign Bank through
correspondence with a Bank located in Tanzania. On demand insurance bonds with proof of re-insurance, in the format included in Section 9 (contract forms) can be accepted.

41.2 Failure of the successful Bidder to submit the above-mentioned Performance Security shall constitute sufficient ground for annulment of the contract award. In this case, or where the successful Bidder fails to sign the contract in accordance with ITB Clause 39.2, the successful Bidder’s Bid Security may be forfeited or the Bidder may be suspended by EAC from participating in EAC procurement processes under the terms of its Bid Securing Declaration. In that event, EAC may award the Contract to the next best evaluated Bidder.

42. Advance Payment and Security

42.1 If so stated in the BDS, the Employer will provide an Advance Payment on the Contract Price, subject to a maximum amount, as stated in the BDS. This Payment shall be in the same currencies and proportions as the Contract Payment and shall be made in accordance with the GCC. 43. Administrative Review

42.1 Bidders may seek an Administrative Review by the Secretary General in accordance with the EAC Procurement Policy and Procedures Manual (2016) if they are aggrieved with the decision of EAC.

Section 3. Evaluation Methodology and Criteria

Procurement Reference Number:

A Evaluation Methodology

1. Methodology Used

1.1 The evaluation methodology to be used for the evaluation of bids received shall be the Technical Compliance Selection (TCS) methodology.

2. Summary of Methodology

2.1 The Technical Compliance Selection methodology recommends the lowest priced bid, which is eligible, compliant and substantially responsive to the technical and commercial requirements of the Bidding Document, provided that the Bidder is determined to be qualified to perform the contract satisfactorily.

2.2 The evaluation shall be conducted in three sequential stages –

(a) a preliminary examination to determine the eligibility of bidders and the administrative compliance of bids received;

(b) a detailed evaluation to determine the commercial and technical responsiveness of the eligible and compliant bids; and

(c) a financial comparison to compare costs of the eligible, compliant, responsive bids received and determine the best evaluated bid.

2.3 Failure of a bid at any stage of the evaluation shall prevent further consideration at the next stage of evaluation. Substantial responsiveness shall be considered a pass.

B Preliminary Examination Criteria

3. Eligibility Criteria

3.1 The eligibility requirements shall be determined for eligible Bidders in accordance with ITB Clause 4.

3.2 The documentation required to provide evidence of eligibility shall be:-

(a) proof of registration issued by EAC for bidders currently registered with EAC or a copy of the Bidder’s Trading licence or equivalent and a copy of the Bidder’s Certificate of Registration or equivalent for bidders not currently registered with EAC;

(b) a statement in the Bid Submission Sheet that the bidder meets the eligibility criteria stated in ITB 4.1;

(c) a declaration in the Bid Submission Sheet of nationality of the Bidder;

(d) a declaration that the Bidder is not under suspension by EAC, an international organisation or any of the Partner States;

(e) fulfilment of obligations to pay taxes and social security contributions in
any of the Partner States where applicable.

4. **Administrative Compliance Criteria**

4.1 The evaluation of Administrative Compliance shall be conducted in accordance with ITB Sub-Clauses 30.3 and 30.4.

**C Detailed Evaluation Criteria**

5. **Commercial Criteria**

5.1 The commercial responsiveness of bids shall be evaluated in accordance with ITB Clause 31. The criteria shall be:

(a) acceptance of the conditions of the proposed contract;

(b) acceptable mobilisation period.

6. **Technical Criteria**

6.1 Technical responsiveness shall be evaluated in accordance with ITB Clause 31.

6.2 The Terms of Reference detail the minimum technical requirements. Responsiveness is determined by comparison of the specification offered to the specification required in Section 6 and the evaluation is conducted on a pass/fail basis. Substantial responsiveness shall be considered a pass.

**D Financial Comparison Criteria**

6. **Costs to be included in Bid Price**

6.1 The financial comparison shall be conducted in accordance with ITB Clause 34. The costs to be included in the bid price bid are:

(a) the unit and total rates in the Price Schedule;

(b) taxes, duties and levies;

7. **Margin of Preference**

7.1 If the BDS specifies the application of a margin of preference for the purpose of bid comparison, the following procedures will apply:

7.1.1 EAC will first review the bids to confirm the appropriateness of the classification, and to identify the bid group classification of each based upon bidders’ declarations in the Bid Submission Sheet and supporting evidence.

7.1.2 EAC will then add the following margins to the evaluated bid price, as determined in accordance with paragraph 6.1 above, for the purpose of further comparison only:

(a) seven (7) percent of the bid price to all bids in Group C;

(b) four (4) percent of the bid price to all bids in Group B.

7.1.3 The lowest-evaluated bid shall be determined using the adjusted bid prices including added margins.
8. Determination of Best Evaluated Bid or Bids

8.1 The bid with the lowest evaluated price, from among those which are eligible, compliant and substantially responsive shall be the best evaluated bid.

E Post-qualification/Due Diligence

EAC will undertake a post qualification on the Best Evaluated Bidder to confirm whether the best evaluated bidder has the capacity and financial resources to execute the contract.

SECTION III. TECHNICAL REQUIREMENTS (INCLUDING SCHEDULE OF REQUIREMENTS AND TECHNICAL SPECIFICATIONS) .................. 82
BACKGROUND INFORMATION

Beneficiary Countries
The ultimate beneficiaries of the project are the East African Community (EAC) Partner States namely: the Republic Burundi, the Republic of Kenya, Republic of Rwanda, Republic of Uganda, United Republic of Tanzania and Republic of South Sudan. The direct beneficiaries of the project are the EAC Organs and Institutions.

Contracting Authority
The Contracting authority is East African Community Secretariat, based in Arusha, United Republic of Tanzania.

Relevant countries background
The East African Community (EAC) is a Regional Organisation mandated by the Governments of the Republics of Burundi, Kenya, Rwanda, Uganda, the United Republic of Tanzania and the Republic South Sudan to spearhead the East African Economic, Social and Political Integration. The objectives and the scope of cooperation among the Partner States are stipulated under Article 5 of the Treaty for the Establishment of the East African Community signed in November 1999 and entered into force since July 2000.

Introduction to the Current state of affairs
In the FY 2013/2014, the East African Community with the support from Trademark East Africa (TMEA) procured the services of University of Dar es Salaam Computing Centre (UCC) to develop and implement the Budget Management System at the East African Community Secretariat, Organs and Institutions. The Budget Management System (BMS) is a custom-made, bespoke application that was developed to manage the preparation of the EAC Annual Operational Plans and Budgets of the EAC Organs and Institutions. Since the FY 2014/15, the Budget Management System has been operational and used to develop the EAC Institutional Budget so as to undergo the approval process by the East African Legislative Assembly (EALA). After the EAC Budget has been approved by EALA,
execution of the approved budget is initiated through budget requisition and accountability processes. These processes are manual and it the wish of the EAC management to automate these processes and interface the same application(s) to the currently exiting financial management systems of Budget management systems (BMS) and SUN Systems and other relevant systems.

The budget requisition and accountability processes at the EAC Secretariat are currently manual and operationalized using the Operational Forms;

- Meeting/Activity Requisition and Authorization Form (QMS Form No. F08);
- Travel Requisition and Authorization Form (QMS Form No. F10);
- Procurement Requisition Form (QMS Form No. F01);
- Stores Requisition and Issue (QMS Form No. F13);
- Retirement of Travel Imprest (QMS Form No. F11a);

The operationalization of the above processes and forms in the current manual environment has caused major challenges that include among others –

- Delayed approvals of the manual forms;
- Delayed posting of expenditure (Commitment and Actual) in the Accounting system leading to exhausted budgets for subsequent activities;
- Loss of forms initiated by user departments;
- High volume of paper trails and hence costs of stationer; and
- to mention but a few

The Development and Implementation of the BRAM is focused towards the development of an on-line platform for the above processes and forms so as to move EAC towards paperless status and alleviate some of the challenges mentioned above of any manual system. The major advantages of the Online Budget Requisition and Accountability Module – BRAM will include the following;

- Reduction in the amount of stationery expense;
- Easier follow up of various requisitions;
- Online-real time verification of available activity budgets;
- Online approvals of forms by designated authorities;
- Real time updating of Budget availability;
- Online audit trail of operational forms and approvals;

It is for this purpose that the EAC Secretariat has secured funding from another Development Partner, the Partnership Fund, so as to procure consultancy services to
develop a Budget Requisition and Accountability System for the EAC Organs in Arusha and later on in the spirit of systems harmonization, roll-out the same BRAM system to all EAC Institutions of the Community.

**OBJECTIVE AND EXPECTED RESULTS**

**Objectives**
The objectives of the consultancy are as follows;

i. Validation of requirements for the add-on EAC Budget Requisition and Accountability System;

ii. Development of the Alpha-prototype of the Budget Requisition and Accountability System;

iii. Development, testing and Installation of the Beta-prototype of the Budget Requisition and Accountability Systems on all EAC front-end computer for operationalization

iv. Training of all EAC staff on the operationalization of the Budget Requisition and Accountability System;

v. Rollout of the Budget Requisition and Accountability System to all Organs staff;

vi. Hand-holding of implementation Units and staff during the operationalization of the Budget Requisition and Accountability System;

**Expected Results**
The project is expected to deliver the following outputs:

(i) A EAC Budget Requisition and Accountability System report;

(ii) A Alpha-prototype of the Budget Requisition and Accountability System;

(iii) Beta-prototype of the Budget Requisition and Accountability System;

(iv) An interface to facilitate Budget Requisition and Accountability System data flow from both the BMS and the SUN Systems and other relevant currently exiting applications

(v) User and Systems Manuals for the operationalization of the Budget Requisition and Accountability System;

(vi) A fully operational Budget Requisition and Accountability System to all Organs of the Community;

**General Remarks (Product and clarifications)**

**Stage III: Financial Assessment**

The formula for determining the financial scores is the following:

\[ S_f = 100 \times \frac{F_m}{F} \]

in which \( S_f \) is the financial score, \( F_m \) is the lowest price and \( F \) the price of the proposal under consideration.

The weights given to the Technical and Financial Proposals are:

\[ T = 0.80 \]
\[ P = 0.20 \]
3.0 How to submit the applications.

The technical submission should contain the following:

- Company profile;
- Technical Response (including method of implementation);
- CV of proposed experts with information relevant to this project to support the proposed expert for this assignment (roles and responsibility);
- Personnel Inputs – include person days without any reference to fees;
- Previous relevant Experience;
- The vendor should submit technical and financial proposals separately.

In the submission, the bidder will provide also the information related to:

- Assignment Plan
- Proposed solutions System infrastructure Requirements
- Software Development/Customization/Configuration
- Software Configuration testing and piloting
- Training
- Hosting Specifications if any
- System Deployment
- System Documentation
- Support, Maintenance and Upgrades

The financial submission should contain the detailed costs indicating separately the unit cost, the total cost including any reimbursable expenses and taxes.

Note: The tenderer is required to provide his/her offer on the above items of the evaluation grid.

➢ In your quotation please reflect:
   - Your agreement with the above set conditions;
   - Price in USD;
